**Warning:** The advice listed on this sheet should not be taken as medical advice. The sole purpose of this sheet is to help students who are studying English as a Second Language (ESL) to become familiar with expressions they might hear or need when visiting a doctor.

 <b>Doctor treatment list</b> <b>Symptoms:</b> Diarrhea <b>Prescribe:</b> Some medicine. Take twice daily. <b>Extra advice:</b> (a) Drink plenty of fluids. (b) Avoid foods containing milk.	 <b>Doctor treatment list</b> <b>Symptoms:</b> Flu <b>Prescribe:</b> Antiviral medication. Take three times daily after meals. <b>Extra advice:</b> (a) Get lots of rest. (b) Drink plenty of fluids.	 <b>Doctor treatment list</b> <b>Symptoms:</b> Constipation <b>Prescribe:</b> Laxative. Take every morning when you wake up. <b>Extra advice:</b> (a) Get some exercise. (b) Eat plenty of fruit and vegetables.
 <b>Doctor treatment list</b> <b>Symptoms:</b> Sore throat <b>Prescribe:</b> Syrup. Take every four hours. <b>Extra advice:</b> (a) Drink plenty of fluids. (b) Drink warm tea with honey.	 <b>Doctor treatment list</b> <b>Symptoms:</b> Rash <b>Prescribe:</b> An ointment. Apply four times a day. <b>Extra advice:</b> (a) Avoid scratching your skin. (b) Use as little soap as possible.	 <b>Doctor treatment list</b> <b>Symptoms:</b> Indigestion <b>Prescribe:</b> Antacid. Take after meals. <b>Extra advice:</b> (a) Avoid spicy food. (b) Cut down on eating and drinking.
 <b>Doctor treatment list</b> <b>Symptoms:</b> Cuts <b>Prescribe:</b> An antibacterial ointment. Apply three times daily. <b>Extra advice:</b> (a) Wash carefully with mild soap. (b) Keep dirt out of it.	 <b>Doctor treatment list</b> <b>Symptoms:</b> Sprained ankle <b>Prescribe:</b> Some painkillers. Take whenever you have pain (maximum five times daily). <b>Extra advice:</b> (a) Keep your foot elevated. (b) Keep ice on it for twenty-four hours.	 <b>Doctor treatment list</b> <b>Symptoms:</b> High blood pressure <b>Prescribe:</b> Some pills. Take after meals three times daily. <b>Extra advice:</b> (a) Exercise daily. (b) Lose some weight. (c) Cut down on salt and alcohol.

## Doctor's activity sheet

You are a doctor and patients are going to come into your office. Ask them about their condition, prescribe some medicine and give them some advice.

Name	Medical condition	Duration	Prior medication	Allergic to medication? Y/N
Mary	rash	one week	cream	No

### Sample conversation:

#### Visit to the doctor

**DOCTOR:** Hi, come on in and have a seat. Now what seems to be the problem?

**PATIENT:** I have a rash on my arm.

**DOCTOR:** How long have you had the rash?

**PATIENT:** It's been about a week.

**DOCTOR:** Are you taking anything for it?

**PATIENT:** I put some cream on it but it doesn't seem to be helping.

**DOCTOR:** I see. Are you allergic to any medication?

**PATIENT:** Not that I know of.

**DOCTOR:** I'm going to give you a prescription for some ointment. I want you to apply it three times a day. You should also avoid scratching your skin. And it's important to use as little soap as possible. Make an appointment to see me next week if it doesn't get better over the next few days.

# Patient's activity sheet

You are a patient. Visit your doctor and tell him about your condition. Write down your doctor's recommendations in the table below. You should "get a second opinion".  
 Visit two doctors for each ailment.

Doctor's name	Medical condition	Prescription	Prescription directions	Other advice
<i>Dr Jung</i>	<i>rash</i>	<i>ointment</i>	<i>apply three times a day</i>	<i>avoid scratching skin - don't use soap</i>
<i>Dr Brown</i>	<i>rash</i>	<i>ointment</i>	<i>apply three times daily</i>	<i>don't use cosmetics</i>

**Activites 7. Comprendre la bande annonce d'un documentaire (p. 116)**

**PDF unit 7** ▶ Complete video sheet

**As Danny is sick, you stay home and watch this video.**

**A. Watch the video with no sound and make hypotheses.**

1. Where can it take place? Why?

.....

2. What different people can you see?

.....

3. Why do they travel by plane?

.....

4. At the end, why is the old man almost crying?

.....

**B. Watch the video with the sound and check your answers.**

**C. Recap orally in full sentences.**

**D. Extra questions:**

1. How many kilometres do they fly?

.....

2. What are the weather condition sometimes?

.....

3. How large is the area covered by the flying doctors?

.....

4. What is the outback?

.....

5. According to the old man at the end of the video, flying doctors is a special service. Why is it, according to you?

.....

**Activities 8. Pratiquer un dialogue dans une situation d'achat (p. 117)**

PDF unit 7

▶ Word box

**WORD BOX**

Toothpaste / cotton wool (cotton hydrophile) / paracetamol / aspirin /  
sanitary towels (serviettes hygiéniques) / tampons / panty liners (protèges slips) /  
plasters (pansements) / indigestion tablets / vitamin pills / throat lozenges (pastilles pour la  
gorge) / cough mixture (sirop pour la toux) / tissues (mouchoirs) / painkillers (anti-douleurs) /  
bandages / nicotine patches / condoms (préservatifs) / emergency contraception / sun cream /  
sun block (écran total) / thermometer / diarrhoea tablets / hay fever tablets /  
contact lens solution (produit pour lentilles de contact) / eye drops (gouttes pour les yeux) /  
travel sickness tablets

cold sores (boutons de fièvre) / a sore throat / chapped lips (lèvres gercées) / a cough /  
travel sickness / hay fever (rhume des foins) / indigestion / diarrhoea /  
I've got a rash (j'ai une irruption cutanée) / can I buy this without a prescription?

You could try this cream / If it doesn't clear up after a week, you should see your doctor /  
It's only available on prescription / It can make you feel drowsy / you should avoid alcohol /  
It may have side-effects

## Tâche finale d'expression orale en interaction (p. 121)

PDF unit 7 ▶ Complete role play

### Guidage :

- Préparez les grandes lignes d'un dialogue entre un médecin et un patient qui durera au moins trois minutes.

- La situation peut être très sérieuse ou au contraire totalement loufoque.

Le patient peut faire preuve d'imagination en inventant de nombreux symptômes, pouvant être contradictoires.

Le médecin est stagiaire, c'est sa première consultation et il a beaucoup de mal à établir un diagnostic.

L'élève fait semblant d'être malade, et c'est pour cette raison qu'il a des difficultés à décrire les symptômes de sa maladie.

Le malade devra

- expliquer ce qui lui est arrivé (ex : accident).

- énoncer au moins trois symptômes (ex : j'ai mal au ventre, ça me gratte, j'ai la tête qui tourne, j'ai envie de vomir, etc.).

- dire depuis combien de temps il a ces symptômes.

- Le médecin devra l'examiner sommairement et néanmoins prescrire un traitement et donner quelques conseils à l'aide des *flashcards* que lui donnera son professeur.

Il évoquera les médicaments qu'il va prescrire sur l'ordonnance et indiquera la durée du traitement.

Il donnera ou non un certificat médical.

- Vous devrez obligatoirement utiliser au moins trois expressions de conseil ou de suggestion.

- Vous devez réutiliser le plus de vocabulaire et d'expressions vus en classe. Vous pouvez vous inspirer des situations étudiées.

### Votre évaluation prendra en compte :

- le respect des consignes ;

- la richesse du vocabulaire et des expressions utilisés ainsi que le réemploi de ceux appris dans l'unité ;

- la correction des structures grammaticales utilisées et le réemploi de celles vues dans l'unité ;

- l'intelligibilité (accent) et la fluidité du discours ;

- l'intonation.

Exemple de préparation de la tâche finale

PATIENT	DOCTEUR	PATIENT'S SYMPTOMS	PATIENT	DOCTEUR	DOCTEUR
<b>I feel dizzy:</b> j'ai la tête qui tourne	<b>How long have you had this pain? / How long have you been suffering?</b> <i>Depuis combien de temps avez-vous mal?</i>	<b>I have a chill:</b> j'ai des frissons	<b>Is it contagious?</b> Est ce contagieux?	<b>I'm going to give you an injection:</b> je vais vous faire une piqure.	<b>Do you need a medical certificate?</b> Avez-vous besoin d'un certificat médical?
